14. - 21. JUNE 2024 (Hurghada - Hurghada)

CARLU DIVE
TRAVEL

A large yacht is shown at sea during the "blue hour" of dusk. The sky is a deep, dark blue, and the water's surface is dark with some light reflecting off the waves. In the background, another smaller yacht is visible. The overall mood is serene and adventurous.

21 DIVES EXPLORING REEFS & WRECKS

A LIFETIME OF MEMORIES

Introduction

Egypt is located on the northeast corner of the African continent. It is bordered by Libya to the west, Sudan to the south, the Red Sea to the east, and the Mediterranean Sea to the north.

Egypt stays mild-to-hot for most of the year, with temperatures often hitting around 34°C (92°F) in summer and 18°C (65°F) in winter. March and April can be very windy, which may cause sandstorms.

The owners of Carlu Travel have been working in Egypt and the Red Sea since many years. Their favorite time to go diving in the Red Sea is between June and July. That's when they experience the best dive conditions and the most dolphin encounters.

There are over 1000 species of fish in the Red Sea, 20 percent of which are found nowhere else in the world. With it being one of the sunniest places on the planet, corals and their tiny guests thrive on an overabundance of solar energy.

Electricity

In Egypt the power plug sockets are of type C and F. The standard voltage is 220 V and the frequency is 50 Hz. Egypt uses the same adapter plug that is used in many parts of Continental Europe.

If you will be traveling to bordering countries Libya or Sudan, additional adapters will be required. Adapter plugs allow electrical connections up to 240 volts.

Clothing

Light fabrics like linen, cotton and athletic gear made to take the heat are best. There are no dress requirements aboard, however, when on land modest clothing and covered shoulders are recommended.

Egyptian Law

In Egypt, individuals need to dress modestly in rural areas, mosques, and souqs (markets).

Public displays of affection, such as kissing, are frowned upon in Egypt and what may be acceptable in the tourist resort areas may be frowned upon in others. Holding hands is generally fine, but there are locations in Egypt where this is looked down upon, as physical contact between a man and woman is considered inappropriate.

Drinking alcohol in the street and anywhere other than a licensed restaurant or bar is not allowed and can lead to arrest.
